Royal Nannies

Nanny Referral Agency

Treat your child like the royalty they are!

Let us ease your mind!

Royal Nannies is a Nanny Referral Agency that refers quality Childcare providers to families who prefer the individual attention and personal care of a Nanny over the group experience of a daycare. The process in finding the right Nanny can be extremely stressful and time consuming. Royal Nannies can remove the stress and challenge many working parents face in their search for a safe, reliable Nanny.

Each Nanny accepted to join Royal Nannies registry goes through an extensive screening process. We take pride in our screening process and feel that it is necessary to ensure safety, skill and love in your home.

Our Mission is to provide families with a peace of mind by referring the perfect quality Nanny to meet their needs and exceed their expectations in the comfort of their own home.
